

NUMBER OF MINORITY WOMEN ENROLLED AT UNIVERSITY OF MICHIGAN SCHOOL OF DENTISTRY 1981-2012

Reviewing minority female enrollment since 1981, 19.2% were of Asian descent with a big increase in the late 1990s and early 2000s. African Americans have been fairly steady at 10.7%, averaging 4.7 students per year. Many fewer Hispanic (3.2%) and Native American (0.3%) women have enrolled, however, that may be a regional difference. Nationally, in 2010-2011, of all students, Hispanics and Native Americans made up 6.3% and 0.5% respectively.
